

# 2011 Smack the Stack Fastpitch Tournament

**June 17-19 2011 ==> Anaconda, Montana**

The 2011 Smack the Stack Fastpitch Tournament will have one major change from past years. The big change is the combination of the 16u tournament and 18u tournaments. This tournament will be called the High School Division. ASA does not have this division, but ASA does allow for the combining of tournament age groups. The reason for the change is to provide high school coaches a tournament to play their returning players from the previous season and incoming players for the next year together on the same team. Most school programs, with possible the exception of the AA schools, cannot field a 16u team without bringing up 14u players or have to play 18u with a majority of younger players. The goal of this tournament is to provide high school teams a chance to play together and improve. Hopefully, this will be a good opportunity for some high school programs.

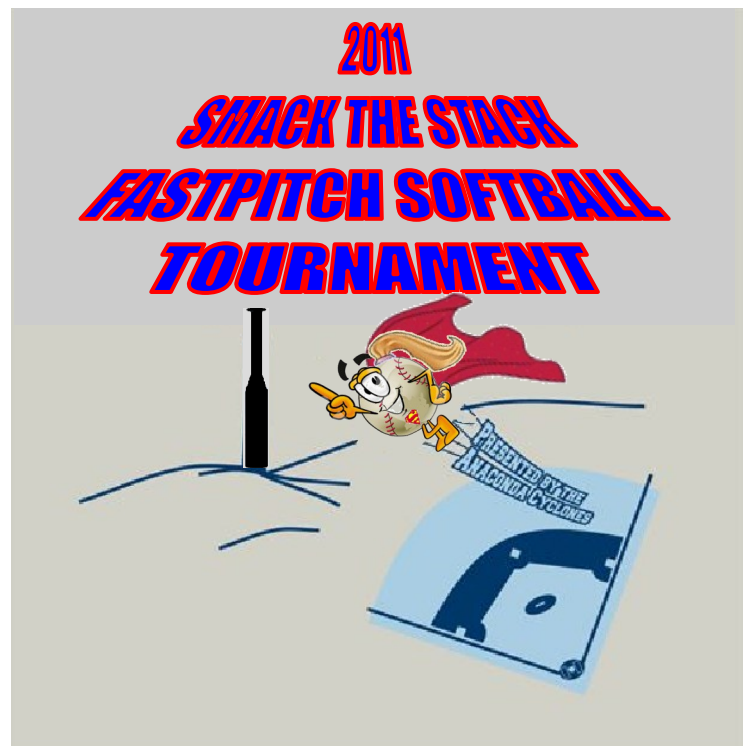

The cost of the tournament has not changed. The reason for this is the gate fees. Without the gate fees, the tournament fees would have to increase. If the tournament fees increase, the teams feel the increase, not the spectators. Our tournament will continue to charge a gate fee as a way to lessen the costs for the teams. The gate fees are in line with the gate fees charged at the state ASA softball tournament in July.

I would personally like to take this opportunity to thank all of the teams, parents, players, and spectators for making our tournament a success.

I hope to see you this year,

Tournament Director

Tod Chapman
